Until Canada ends its commercial seal hunt for good, we pledge to move our seafood purchasing away from:

- All seafood from Canada** (including lobster, prawn, and cod)
- Other seafood item(s) from Canada** (please specify): _____

Background:

Canada's commercial seal hunt is the largest and most brutal slaughter of marine mammals on earth. Hundreds of thousands of seal pups are clubbed and/or shot to death off Canada's east coast.

To date, over 5,500 restaurants and grocery stores have joined the Protect Seals campaign. Through it, the HSI seeks to convince Canadian fishing communities to end their support for and participation in the seal hunt. Until Canada's fishing industry ends its support for and engagement in the commercial seal hunt, Protect Seals boycott participants pledge to reduce or entirely avoid sale of Canadian seafood.
